

Summer Activities

Newspaper Fun

You will need newspapers, scissors, and a stapler.

1. Take 4 sheets of newspaper and cut out a BIG shape (fish, cat face, turtle...).
2. Staple your shape, 2 sheets on each side, BUT leave an opening where you can stuff newspaper into your shape.
3. Wade up smaller pieces of newspaper and stuff your shape. Once you like how it is stuffed, staple the rest of your shape closed.
4. You can leave your newspaper shape or paint it. If you paint your shape leave it over night to dry.
5. You can hang it in your room, play with it outside, trade your shape with a friend, or any other fun activity you can think of doing.
