

## Memory Muffin Tin

### Directions

1. You will need a muffin tin with 6 or 12 places.
2. Put objects into each of the muffin tins.
3. Talk about each object and name them.
4. Your child will close their eyes and you will take one object away.
5. Your child then opens up their eyes and they have to tell you which object is missing.
6. You can also take two or three objects away depending on your child.
7. Then move to the 12 place tins.
8. Have fun!
