

Summer Activities

Draw and Guess

For this game, you need a pen or pencil and some paper.

1. One person draws first. The other players sit where they can see what is being drawn on the paper.
2. The person drawing thinks of an object to draw (chair, bird, house...).
3. The person starts to draw and the other players try to guess what they are drawing.
4. The first person to guess the picture correctly gets to draw next.

*This game could also be played on a sidewalk with chalk or wipe off board with wipe off markers.
