Mastering Spelling Genius Step 1

1. Your child should pass with 95% or better of the words spelled correctly.
2. Your child should be able to spell the words correctly when they are writing; that is the true sign that they know how to spell the words and that they have not just memorized the words for the test.
3. Make sure you go over the words they still need to master and make it fun!
4. Always tell your child you are so proud of them and what a fantastic job they are doing!
