

Royal Scepter

Materials Needed:

Dowel that is $\frac{1}{4}$ inch diameter and $1 \frac{1}{2}$ feet long, gold spray paint, Styrofoam ball, cardboard, felt, ribbon, glitter, hot glue gun etc...

Directions:

- Spray the dowel with gold spray paint and let dry.
- Cut a star out using the cardboard and cover it with felt or fabric or use a Styrofoam ball; this will be glued onto the dowel.
- Decorate the star or Styrofoam ball with glitter or any other way you would like to.
- Tie or glue different lengths of ribbon around the scepter after attaching the star or ball.
- You now have a royal scepter that you created.
