

Summer Activities

Tin-Foil Hats

You will need a box of tin foil.

1. You can start with a big piece of tin-foil.
2. Think of a shape you would like your hat to be. As you make the shape keep trying it on so it fits.
3. Once you have the shape start adding details. Take more tin foil and make be as creative as you can. Put a brim on, a flower, a bow, or any other accessory you can create.
4. Wear your new hat on your adventures and make other ones as you desire.
