

Halloween Book

- Take pictures of carving a pumpkin, decorating the house, shopping for treats, putting a costume together, the pumpkin patch, and of course pictures of Halloween night.
- Run off the pictures and use two sided tape to attach them onto thicker paper or for little ones felt pages.
- Have your child write about the pictures. This can be typed up or your child can write on the paper. For little ones have them tell you about the pictures and an adult can write.
- Take the pages and make a book. To put it together use a 3 ring punch. Put ribbon or yarn in each hole and tie like a bow.
- Your child will love this book and it will hold the memories.
