

One Pink Pig

One big, fat, pink pig is what I will draw.

I start with a big, pink, round circle for my pig's body.

Then, add two round, black circles placed down low so my pig can see just so.

One pink circle I will draw, so my pig has a nose.

Then, add two black, small circles on the pig's nose, that way my pig will breath just so.

Next, draw two pink raindrops for the pig's ears. Place each one right by the pig's eyes.

Four pink rectangles placed just so they are so my pig can go.

My pink pig is now complete and ready to go.
