

# Early in December

This is the way we look for a tree,  
look for a tree, look for a tree.  
This is the way we look for a tree,  
early in December.

This is the way we chop the tree,  
chop the tree, chop the tree.  
This is the way we chop the tree,  
early in December.

This is the way we carry it home,  
carry it home, carry it home.  
This is the way we carry it home,  
early in December.

This is the way we stand it up,  
stand it up, stand it up.  
This is the way we stand it up,  
early in December.

This is the way we make it pretty,  
make it pretty, make it pretty.  
This is the way we make it pretty,  
early in December.
