

Coffee Filter Butterfly

Materials:

- $\frac{1}{2}$ black pipe cleaner
- paper coffee filter
- water color paints

Directions:

- Flatten out the coffee filter and place it on a paper plate. Paint away onto the coffee filter. The paint and water will soak through so both sides should be colorful.
- Let the coffee filter dry.
- Cut the pipe cleaner in half.
- Fold the coffee filter accordion style.
- Take the pipe cleaner and twist it half way around the coffee filter.
- Bend the tips of the pipe cleaner over to create the antennae.
- Fan out the butterfly wings.
