

Egg Carton Lobster

Materials:

egg carton

red paint and brush

4 red pipe cleaners

2 wiggle eyes

scissors

hole punch

Directions:

- 1) Cut egg carton in half the long way.
- 2) Trim off two cups. Trim them each in half. Two cup halves will become the claws. One cup half will become the tail.
- 3) Paint all pieces red. Let dry.
- 4) Punch 4 holes along each side for the legs and 2 on top for the eyes.
- 5) Fold a pipe cleaner in half.
- 6) From the inside, thread one end of a folded pipe cleaner through 1 front leg hole and the other end through the other front leg hole. Pull both legs out as far as possible.
- 7) Glue a half cup to each end, you have the front claws.
- 8) Push a half pipe cleaner through each of the pair of the other leg hole. Bend to resemble legs.
- 9) Push half pipe cleaner through the eye holes. Trim to 1 $\frac{1}{2}$ " long. Glue a wiggle eye on each end.
- 10) Glue on the tail which is the last half cup. You have a lobster!
