

## T-Shirts

### Materials:

- T-shirt
- freezer paper
- exacto knife
- fabric pens

### Directions:

1. Print out what you want to stencil on your t-shirt.
2. Trace it on the freezer paper.
3. Cut it out with an exacto knife.
4. Place the stencil where you want it on the shirt and make sure it is tacked down good.
5. Then use fabric pens over your stencil.
6. Just peel off the stencil as soon as you're done and you have a fantastic T-shirt.
