

Syllable Clapping Game

We are going to play a clapping game. I am going to say the word first and then clap how many syllables the word has. Here we go..

but **clap once and say the word “but”**

butter **clap twice and say the word “but-ter”**

butterfly **clap three times and say the word “but-ter-fly”**

Now it's your turn. I will say a word and then you say the word with me and then we will clap the syllables together.
