|---|--|---|
| <p>I have 6 flat faces, 12 edges, and 8 corners. All my edges are the same.</p> <p>What am I?</p> | <p>I have 2 flat surfaces and 1 curved surface. My flat surfaces are circular. I don't have any sides or corners.</p> <p>What am I?</p> | <p>I have 1 flat surface and 1 curved surface. My flat face is circular. My curved surface makes a sharp point. I don't have sides. I look like a party hat!</p> <p>What am I?</p> |
| <p>I am a solid 3D that is perfectly round. I don't have flat faces and I don't have straight edges.</p> <p>What am I?</p> | <p>I have 5 flat surfaces. My base surface is square. The other 4 surfaces are triangular, that make a sharp point.</p> <p>What am I?</p> | <p>I have 6 flat faces, 12 edges, and 8 corners. NOT all my edges are the same. I look like a box.</p> <p>What am I?</p> |
