

Marvelous Mold

Materials:

- 2 pieces of bread
- water
- plastic wrap

Directions:

- 1)Take one slices of bread and moisten it.
- 2)Wrap the piece of bread in plastic wrap.
- 3)Put this piece of bread in a drawer or a dark place.
- 4)Put the other piece of bread just wrapped on the window sill in a strong light.
- 5)What do you think will happen to each piece of bread?
- 6)Watch and observe each piece of bread.

Inquiring Minds Want to Know

In order for mold to grow well, it needs warm, dark, and moist conditions.
