

Worm City

Materials:

glass jar
dirt
sand
leaves
mesh

black construction
paper
tape
worms

Directions:

- 1) Layer dirt and sand in glass jar to within 3-4 centimeters of the top.
- 2) Place worms on top of layers.
- 3) Place leaves in the jar.
- 4) Cover top of the jar with mesh and secure it to the jar.
- 5) Wrap black construction paper around the jar and tape in place.
- 6) Check jar in 2-3 days to see what's happened.
- 7) Watch for a few more days.
- 8) Turn the worms loose.
